# Faint Spells

are very often attributed to billousness and the stomach is treated to cathartics, That's wrong.

Faint spells are often accompanied by billousness, but you will also notice shortness of breath, asthmatio breathing, oppressed feeling in chest, weak or hungry spells, which are all early symptoms of heart weakness.

Don't make the mistake of treating the stomach when the heart is the source of the trouble.

#### Dr. Miles' New Heart Cure

strengthen the nerves and muscles to heart, and the fainting spells, to-er with all other heart troubles, will disappear.
"Four years ago I was very low with heart trouble; could hardly walk. One day I had a lainting spell, and thought I would de. Boon after I began using Dr. Miles' Heart Cure, and after taking three bottles I feel that I am cured."—MRS. EPFIE CLOUGH, Elisworth Falls, Maine.
The first bottle will benefit; if not, the druggist will return your money.

# LOOMIS'S DEATH CAUSED BY BLOW.

Physicians Testify That Wounds Were Inflicted Before the Body Reached the Water.

OPEN VERDICT IS RETURNED.

Nothing in Evidence to Support Suspicion That United States Envoy Met With Foul Play.

Kingsbridge, Devonshire, July 18-"Found dead, washed up by the sea in Bigbury Bay, Devoushire," was the verdict to-day of the Coroner's jury in the inquest on the body of F. Kent Loomis The evidence was not very conclusive and wholly conjectural, as pointed out by the Coroner when he advised this open ver-dict, adding that although death was caused by a blow there was nothing to justify the suspicion that it was foully

Consul Stephens of Plymouth has charge of the body, which is in a fair state of preservation. It will be embalmed and slipped to the United tSates for burial as soon as practicable.

The inquest threw the picturesque little Devenshire village of Thurlestone, on the shores of Bigbury Bay, into a state of unwonted excitement. The court, over which

wonted excitement. The court, over which
the County Coroner, Doctor Sidney Hacker, presided, was somewhat late in assembling, in consequence of the delay in
carrying out the official medical examination of the body.

This was conducted by two local doctors,
whose testimony was to the effect that
there was a contused wound below and
behind the right ear, indicated by the
extravasation of blood in the scalp and a
rupture of the covering of the brain. There
was also a general braine, involving the
scalp and the integument of the brain on
the left side above the ear. Both injuries, in the doctors' opinion, were caused
before death.

The American Consul at Plymouth, Joseph G. Stephens, attended the proceedings.

### TO DECIDE UPON RATES TO FAIR.

Believed Southwestern Lines Will Adopt Same Passenger Tariffs for August and September as Now.

At a meeting of representatives of the Southwestern lines at the office of Joint Agent Hannegan, Missouri Trust building, to-day, rates from the Southwest to St. Louis for the months of August and September will be considered.

It is expected that the same rates applicable at the same periods as are now in effect will be adopted. The clerky arrangements will be con-sidered and the rules and by-laws will be revised. A new Executive Committee will also be appointed.

MILLINERY RATES UNCHANGED. F. W. Crandall's Arguments Prove Affective.

F. W. Crandail, vice president of the Interstate Merchants' Association, has returned from Manitou, Colo., where he turned from Manitou, Colo., where he went as the representative of the wholessale milliners of the United States to secure action from the ratiroad companies which would allow the existing rates on millinery goods to remain. The docket presented by the Western Classification Association expressed the purpose of making these goods double first-class. Since returning home Mr. Crandall has received telegrams from representatives of the railroad interests, stating that the arguments advanced were considered as answering the objections which had been raised, and that the old rate would be maintained in the classification of these goods.

Menaugh claims the shooting was accidentally scuffie and he did not know the revolver was loaded.

Simmons was taken to the office of Doctors Tucker and Fredendail, where the wound was dressed.

Simmons says the scuffle began in a half friendly way, but grew to be serious, and claims that Menaugh shot him intentionally. Menaugh was arrested and the case is being investigated.

empted from a special tax ievy of 15 cents on the \$160 assessed valuation, they would attempt to have the county organized under a municipal township form of government.

Under this plan the taxes collected from a certain section would be expended for improvements in that section instead of being put upon roads that the taxpayers never use.

Incidentally it would deprive the County Court of the power to appoint road over-

declared that, if they could not be ex-

Court of the power to appoint road over-seers which at present is valuable to build up a political machine at the ex-pense of the public road fund. Under the township system the read overseers would be elected by the citizens of the district in which they work.

The Webster Groves efficials have been

In which they work.

The Webster Groves officials have been trying for several years to be exempted from the payment of the special road tax. Their constituents pay the general tax without a murmur, even though none of the funds collected are ever expended on the Improvement of the roads within the corporate limits of the town.

They say, in fact, that they would not object to paying the special levy if some of the funds were devoted to the town streets, but object strenuously to paying for road improvements in sections of the county in which they never travel.

St. Louis County is at present composed of five townships, but they are not, it is said, known as municipal townships, but, instead, are mere territorial subdivisions. The other incorporated towns, Kirkwood, Ferguson and Floriseant, also contribute to the road fund, but none of the money is ever spent within their limits, as the County Court has been advised that it would not be legal to do so.

To organize the county under the township form of government, it is necessary to first petition the County Court, after which it is mandatory upon that body to submit the proposition to the voters at the first regular election thereafter.
